EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Christine O'Day on 3-29-06.

The application has been amended as follows:

Cancel claim 56 since it is a duplicate of claim 22.

Allowable Subject Matter

Applicant's amendment has overcome the previous rejection of 112/2nd paragraph by deleting step (c) and the term "general", and also by inserting alternative steps (b)-(e).

Claims 1-15 and 26-50 have been cancelled.

With no other outstanding rejection, claims 16-25 and 51-58 are allowed.

The following is an examiner's statement of reasons for allowance:

The invention is drawn to a process of making a compound of substituted 3,4,6,7-tetrahydro-2H-pyrimido[6,1-a]isoquinolin-4-one having a side chain of a substituted guanidine, imino, or urea. The closest reference, Lal et. al. (cited previously), teaches the process of making the

tricyclic core of 3,4,6,7-tetrahydro-2H-pyrimido[6,1-a]isoquinolin-4-one.

However, it does not teach the step of adding the guanidine, imino or urea to said ring. Also, there is no motivation for a prima facie case of obviousness to modify the process of Lal either.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tamthom N. Truong whose telephone number is 571-272-0676. The examiner can normally be reached on M-F (9:30-6:00).
